About this object

Just 17 minutes from the center of Vilnius, we have developed a closed block of 15 one-story semi-detached houses.

VYČIO VALLEY - a new approach to private house blocks:

- we take into account the different needs of our customers, so we offer three types of housing: 96 m², 115 m² and 137 m² with storage room or garage;
- we take care of the residents' privacy and peace, so we install spacious terraces and cozy courtyards that are attractively separated from other plots;
- sustainability and quality are important to us, so we build A++ energy efficiency class housing with the possibility of installing a solar power plant;
- we ensure safety and comfort, so the territory of the new quarter will be securely fenced, lit and pleasantly planted;
