About this object

FOR RENT from 483 to 2183 m² A+ energy class warehouse space with retail and office premises in the "e-market city" project in Kirtimai, at the Eišiškių str. and Geologų str. intersection.

"e-market city" is an e-commerce and wholesale campus focused on medium and small enterprises engaged in online and wholesale trade.

The relatively short distance from the city centre, good access to the Southern Vilnius Bypass and the nearby Vilnius International Airport allow the tenants to successfully develop their businesses.

The premises are already available for lease in the 2nd phase of e-market city, which is being developed and is expected to be delivered to the Tenants in June 2025 (1st phase is already fully completed and 100% leased).
