About this object

The first floor of a renovated house in a favorite place of Klaipėda residents - for those looking for peace, comfort and quality. A part of a house is for sale in a block of individual houses near the New Market - a corner plot, asphalted streets, excellent transport connections by private and public transport. The part of the house has 3 large and comfortable rooms, 2 bathrooms. A sauna area with a sauna and a swimming pool is planned on the basement floor - a great solution for those who like to relax at home. I invite you to inspect it at a convenient time for you! **ADVANTAGES** ● The large 27 sq. m room can be adapted for commerce (shop, hairdresser, etc.), as it has a separate entrance from the street and separate electricity metering (the access from the street is not fenced off by a fence, you can drive up to the door); ● There is an opportunity to build another about 150 sq. m residential house with a basement on the plot (communication)
