About this object

A home where every day starts with a smile.

Imagine a morning when you wake up in the light, seeing the calmly rippling water through the windows, hearing the birds and feeling the fresh air that fills the house. In the evenings, when the family gathers on the terrace with a cup of tea, the sun sets on the pond, and the children are still running in the grass, spinning summer memories. This is not just a home, but a place where the family creates warmth, peace and cozy everyday life.

This modern, solid 7-room house in a closed settlement of 31 houses was created for a family that appreciates space, quality and beauty around them. All rooms in the house offer wonderful panoramic views of the private pond - nature will always be nearby, and evenings on the terrace will turn into cozy family moments watching the sunsets.
